Hazardous Waste Generator Training (40 CFR 262.34, 264 & 265)

Introduction

In compliance with the U.S. Environmental Protection Agency (EPA) regulations, this annual training is for individuals who deal with or manage hazardous waste. The annual training course can be taken on-line while complying with the EPA regulations.

While this training course is very comprehensive, we highly recommend that additional site-specific training be taken for certain hazardous wastes that may be encountered at different sites.
