Personal Protective Equipment Training (29 CFR 1910.132)

Introduction

In compliance with the Occupational Safety and Health Administration (OSHA) 29 CFR 1910.132 regulations, this training is required for individuals having a role working with hazardous materials or exposure to them. This training must be provided for personnel (supervisors and workers) involved with these operations.

If you have any questions while taking this training, please call our HOTLINE at 1-706-650-0871.

While this training course is very comprehensive, we highly recommend that additional site-specific training be taken for certain hazardous materials that may be encountered at different sites.
