**2017**

# Confined Space Entry

29 CFR 1910.146

This course provides the information necessary to properly enter and perform work in a permit required confined space. OSHA requires training for individuals prior to confined space entry.

## **Cost: \$195.00 per person**

Group discounts available (3 or more people). Please email or call us at 1.888.877.7130 for a quote. Price match guarantee! Must be OSHA compliant and same quality course.

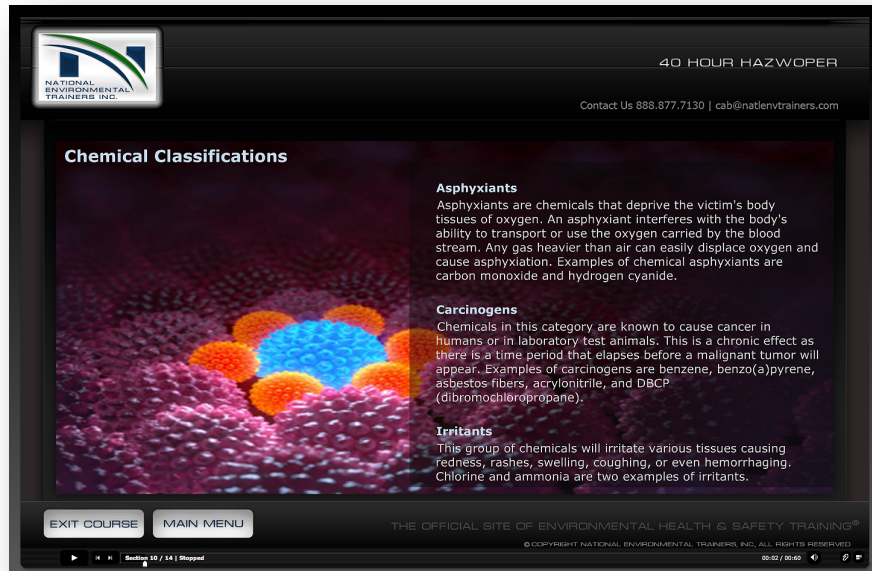

## **Course Features**

- Includes 2 full length videos
- Over 20 interactive flash animations
- Approximately 9 modules
- Award winning content - CEU's
- Self grading quizzes and final exam
- OSHA Study Timer (tracks your study time login and logout at your convenience)
- Certificate of Completion (3 certificates) e-cert, 8x10 and wallet card (instant download of e-certificate upon course completion)
- Course access for 1 year from the time of registration
- Free registration into the National Repository® (download your certificates at anytime in the future)

## **Course Description**

In compliance with OSHA 29 CFR 1910.146 regulations, the Confined Space training is required for individuals who have a role with confined space entry. Training must be provided for these individuals at the start of their job assignment. There are 4 occupations to which confined space entry training applies.

They are authorized entrant, safety attendant, supervisor and emergency response personnel.

Aesthetically pleasing course layout that is user friendly. Professional voice-overs, animations and high definition photographs. Self-grading quizzes and final exam.

## Table of Contents
