Hydrogen Sulfide (H₂S) Safety

OSHA General Duty Clause

Course Description

2017

This course is designed to inform you how to recognize when Hydrogen Sulfide is present in your work area and to describe the precautions necessary to work with Hydrogen Sulfide safely.

Cost: \$50.00 per person

Group discounts available (3 or more people). Please email or call us at 1.888.877.7130 for a quote. Price match guarantee! Must be OSHA compliant and same quality course.

Course Features

- Over 20 interactive flash animations
- Approximately 3 modules
- Award winning content - CEU's
- Self grading quizzes and final exam
- OSHA Study Timer (tracks your study time login and logout at your convenience)
- Certificate of Completion (3 certificates) e-cert, 8x10 and wallet card (instant download of e-certificate upon course completion)
- Course access for 1 year from the time of registration
- Free registration into the National Repository® (download your certificates at anytime in the future)

Course Description

Hydrogen sulfide gas is a common hazard in the oil and gas industry. Upon completion of this learning event, employees will demonstrate knowledge of the sources of hydrogen sulfide, its physical and chemical properties and effects on the body, hydrogen sulfide exposure controls and exposure response.

This course is intended to assist the employer in meeting the requirements of OSHA Standard 1910.1000 Table Z-2 and the General Duty Clause Section 5(a)(1).

Aesthetically pleasing course layout that is user friendly. Professional voice-overs, animations and high definition photographs. Self-grading quizzes and final exam.

Along the way there are self grading quizzes, interactive exercises, full length videos and a self grading final exam. The quizzes can be taken as many times as needed, and the final exam can be taken a maximum of 3 times. Once a person satisfactorily completes the course, an e-certificate is immediately sent to them via email. The original certificates (8x10 and wallet card size) arrive in the U.S. mail.

Course Overview & Objectives

This course is designed to inform you how to recognize when Hydrogen Sulfide is present in your work area and to describe the precautions necessary to work with Hydrogen Sulfide safely.

Participants will demonstrate:

- Knowledge of OSHA regulations applicable to H2S
- Knowledge of different sources of H2S gas
- Understanding the properties of the gas and the health effects
