# Lockout / Tagout

29 CFR 1910.147

---

Course Description

2017

Employees whose jobs require them to operate or use machinery or equipment that is being serviced or maintained or whose jobs require them to work in areas where service or maintenance is being performed should take this course.

**Cost: \$125.00 per person**

Group discounts available (3 or more people). Please email or call us at 1.888.877.7130 for a quote. Price match guarantee! Must be OSHA compliant and same quality course.

**Course Description**

In compliance with OSHA 29 CFR 1910.147 regulations, this training must be provided for all authorized and affected employees whenever there is a change in job assignments, a change in operations or procedures regarding energy control procedures.

**Course Features**

- Over 20 interactive flash animations
- Approximately 5 modules
- Award winning content - CEU's
- Self grading quizzes and final exam
- OSHA Study Timer (tracks your study time login and logout at your convenience)
- Certificate of Completion (3 certificates) e-cert, 8x10 and wallet card (instant download of e-certificate upon course completion)
- Course access for 1 year from the time of registration
- Free registration into the National Repository® (download your certificates at anytime in the future)

Aesthetically pleasing course layout that is user friendly. Professional voice-overs, animations and high definition photographs. Self-grading quizzes and final exam.

Along the way there are self grading quizzes, interactive exercises, full length videos and a self grading final exam. The quizzes can be taken as many times as needed, and the final exam can be taken a maximum of 3 times. Once a person satisfactorily completes the course, an e-certificate is immediately sent to them via email. The original certificates (8x10 and wallet card size) arrive in the U.S. mail.

### Course Overview & Objectives

In compliance with the Occupational Safety and Health Administration (OSHA) regulation 29 CFR 1910.147, this annual training shall be provided for all authorized and affected employees whenever there is a change in their job assignments, a change in machines, equipment or processes that present a new hazard, or when there is a change in the energy control procedures. Employees whose jobs require them to operate or use machinery or equipment that is being serviced or maintained or whose jobs require them to work in areas where service or maintenance is being performed should take this course.

Course Objectives:

- Describe lockout/tagout requirements.
- Describe injury prevention procedures.
- Identify lockout/tagout applications and devices.
- Explain lockout/tagout procedures.
- Explain group lockout/tagout procedures.

### Support

Includes 24/7 **U.S. Based** support. An experienced and highly qualified instructor is available to you throughout the training process. Our toll free hotline or email will allow access to some of the finest instructors in the U.S.
